

THE 36th ANNUAL CONFERENCE OF
THE SOCIETY FOR CRYPTO-JUDAIC STUDIES
VIA ZOOM
SUNDAY, OCTOBER 25, 2026

SEPHARDIC AND CRYPTO-JEWS IN THE EARLY SOUTH

*Expect changes: contents and placement of the sessions are preliminary and subject to change!
The placement of all lectures and sessions may be adjusted to reflect the lecturers' schedule availability.*

The 2027 Conference of our Society is being planned for New Orleans and our theme for 2026 looks forward to this meeting. The tentative theme for the 2027 conference is “Exploring Crypto Jewish Roles in Colonial America”—broadly defined. We will especially welcome research and personal narratives from the Atlantic and Gulf Coasts, as well as experiences throughout the colonial Americas, and of course all research proposals, personal narratives, issues and practical workshops.

ALL SESSIONS VIA ZOOM; please register to receive the link. Eastern Daylight Time given for all sessions, as well as Central, Mountain and Pacific time—all Daylight Time. October 25, 2024, is still Daylight Time in most of the U.S. and Canada, but Europe and Israel return to Standard Time earlier that morning. Most of Arizona and some other locations in the US and Canada observe year-round standard time. Eastern Daylight Time = UTC-4 is determinative. ***Please check time in your location carefully.***
